0.50 lb	5.50 lb	9.0 g/ton

\*No increased benefit has been shown when Ractopamine concentrations in the diet are greater than 4.5 g/ton.

#### WARNING

Ractopamine hydrochloride is a beta-adrenergic agonist. Individuals with cardiovascular disease should exercise special caution to avoid exposure. Not for use in humans. Keep out of the reach of children. The Paylean® formulation (Type A Medicated Article) poses a low dust potential under usual conditions of handling and mixing. When mixing and handling Paylean, use protective clothing, impervious gloves, protective eye wear, and a NIOSH-approved dust mask. Operators should wash thoroughly with soap and water after handling. If accidental eye contact occurs, immediately rinse eyes thoroughly with water. If irritation persists, seek medical attention. The material safety data sheet contains more detailed occupational safety information. To report adverse effects, access medical information, or obtain additional product information, call 1-800-428-4441.

Paylean® is a registered trademark of Eli Lilly and Company.

**CAUTION:** Ractopamine may increase the number of injured and/or fatigued pigs during marketing. Not for use in breeding swine.
