PURINA® STRATEGY® PROFESSIONAL FORMULA GX HORSE FEED

FEED FOR HORSES AT MAINTENANCE, STALLIONS, BREEDING MARES, FOALS AND PERFORMANCE HORSES.

GUARANTEED ANALYSIS

Crude Protein, (Min)	14.00 %
Lysine, (Min)	0.90 %
Crude Fat, (Min)	6.00 %
Crude Fiber, (Max)	12.50 %
Acid Detergent Fiber (ADF), (Max)	15.50 %
Neutral Detergent Fiber (NDF), (Max)	34.00 %
Calcium (Ca), (Min)	0.90 %
Calcium (Ca), (Max)	1.40 %
Phosphorus (P), (Min)	0.60 %
Copper (Cu), ppm (Min)	80
Selenium (Se), ppm (Min)	0.60
Zinc (Zn), ppm (Min)	280
Vitamin A, I.U./LB, (Min)	3000
Vitamin E, I.U./LB, (Min)	125

INGREDIENTS

Please refer to feed tag for list of ingredients.

DIRECTIONS:

Start with the amounts given for the weight and class of horse. After observing the horse for a period of time, the amount fed may be increased or decreased to obtain the desired body condition and weight.

Feeding Directions with Hay or Pasture

Lifestyle	Horse's Weight in Pounds				
	600	800	1000	1200	1400
	(lbs./day)				
Minimum Hay or Equivalent Pasture *	7.00	9.50	12.00	14.50	17.00
	Strategy® Professional Formula GX Horse Feed (lbs./day) **				
Light Work	3.50	4.50	5.75	6.75	7.75
Moderate Work	4.75	6.25	7.75	9.25	10.75
Heavy Work	6.00	7.75	9.75	11.75	13.50
Very Heavy Work	8.75	11.75	14.50	17.25	20.25
Early Gestation (first 250 days)	2.50	3.25	4.00	4.75	5.50
Late Gestation (last 90 days)	3.50	4.75	5.75	7.00	8.00
Lactation (when fed separately)	7.75	10.25	12.75	15.25	17.75
Breeding Stallion	4.25	5.50	6.75	8.25	9.50
	Horse's Weight in Pounds				
Weaned Foal Through Yearling	300	400	500	600	700
Minimum Hay or Equivalent Pasture *	3.00	4.00	6.00	7.00	8.50
Strategy GX horse feed (lbs./day) ***	7.50 – 8.50	7.75 – 8.75	7.25 – 9.5	7.75 – 10.25	8.00 – 10.25

* This is the recommended minimum amount of hay to be fed. If feeding more hay, reduce the feeding rate of Strategy® GS horse feed by 1.0 lb. for every additional 2.0 lbs. of hay fed.

** Do not feed less than 0.3 lbs. per 100 lbs. of body weight per day for mature horses or 0.75 lbs. per 100 lbs. of body weight per day for yearlings. If your horse gains too much weight at that minimum feeding rate, then you should replace Strategy® GX horse feed with Purina® Enrich Plus® ration balancing feed.

*** Use lower feeding rate for moderate growth rate and the higher feeding rate to support more rapid growth.

4 lbs. of Strategy® GX supplies a full serving of Outlast® supplement.

Available Options:

Product No.	Package	Size Diameter
3004620-206	50# Bag	5/32 – 11/64 (Pelleted)
3004620-201	Bulk	5/32 – 11/64 (Pelleted)

BEST RESULTS:

Recommendations for Feeding Horses: Do not feed free choice. Any feed changes should be made gradually over a period of 7 to 10 days. Changes in the rate of feeding should not exceed one pound per day for each horse. Reduce and/or delay feeding a horse which is hot, excited or showing pain, fever or diarrhea. Let horses feed in a natural position from troughs with large bottoms, placed at normal head height or lower. Have plenty of fresh clean water available at all times.

Product Features:**Product Benefits:**

Exceptional Value	Nutritionally balanced formula eliminates the need for expensive supplements and time-consuming mixing. Pelleted form prevents sorting, reduces waste and improves stability during storage.
Gastric Support	Formulated with Outlast® supplement to support gastric comfort and proper pH.
Multi-Horse Convenience	One professional, highly-palatable formulation to feed all your horses without compromising nutrition at any life stage.
High-Quality Protein with Enhanced Amino Acids	Supports fetal development, milk production, muscle growth and development, stamina and recovery. Also supports recovery from exercise and training in performance losses.
High Levels of Polyunsaturated Oils	Help improve overall performance and body condition for shiny and healthy looking horses.
Highly Digestible Ingredients	Provide optimal nutrient density and support proper digestion.
Multiple Sources of Energy and Muscle Fuel	Support the energy needs of performance horses, growing horses, lactating mares and breeding stallions.
Added Copper, Calcium, Phosphorus, Selenium and Key Vitamins	Support proper physiological functions in working and performance horses and help pregnant mares develop healthy foals.
Nutritionally Balanced	Provides 100% of the required nutrients for horses at any life stage when fed as directed* so no additional supplements are necessary
Concentrate Feed	Designed to be fed with hay or pasture.

* Based on Nutrient Requirements of Horses Sixth Revised Edition – 2007, published by the National Research Council.

CAUTION:

Store in a dry, well-ventilated area protected from rodents and insects.
Do not feed moldy or insect infested feed to animals as it may cause illness, performance loss or death.

USE ONLY AS DIRECTED
